OU Cagers Meet Wesleyan After Emporia State Loss

By Mike Moran

Omaha University's Indians, looking a trifle stale and shooting at only a 12.5 per cent clip the first half, took a 82-55 lacing at the hands of defending CIC champs Emporia State Wednesday night in the fieldhouse.

The loss was Omaha's third in a row and ran the Indian record to three wins and five losses. Omaha is now 0-2 in the CIC, losing a pre-Christmas game to Fort Hays State in addition to the Emporia contest.

Larry Villnow, playing perhaps his finest game of the year, contributed 14 points to the Indian attack. Bruce Hunter aided the cause with 13 and a fine floor game.

Bill King, Omaha's leading scorer before the holidays, was held without a field goal and sat out much of the game in favor of Bernie Miller.

King showed the effects of the long layoff and missed many of the shots which were dropping for him earlier. He had been averaging 20 points per game before the contest.

It wasn't that the Indians were outclassed, they just weren't as sharp. Emporia had tuned up for the game while winning the Hastings Invitational during the holidays and the Hornets were still buzzing as they shot at a 63 per cent clip the first half while running up a 44-21 margin over the bewildered Omahans.

Villnow Bright Spot

Only bright spot in the poor showing was the fine performance of Villnow.

The 6-7 tall boy from Benson has turned in remarkable improvement every season that he has played the sport and was the hardest working pivotman in many a year as an All-City senior at Benson.

This year has been no different. Larry has been forced to carry a big load for the small Indians and has responded in fine fashion. His moves, once showing a hint of awkwardness, were at their best in the Emporia game.

Larry moved to his right for jump-shots, took hooks, drove and shot with agility you might not think present in a 6-7 boy only 19 years old.

But Larry worked hard over Christmas and hard work always

has its rewards.

Third Loss in Row

The loss, Omaha's third in a row, came on the heels of the first three game winning streak in four years by an OU basketball team.

Earlier Omaha had whipped Midland, Doane and Hastings College 67-58 on the first leg of the long road trip which wound up pre-Christmas activity for the Indians.

Omaha then lost a bitter 71-65 battle at Fort Hays to the Tigers in the only 1961 CIC game.

The tired Indians then boarded a bus and journeyed to St. Louis where they dropped a 88-69 decision to the powerful Washington University Bears. Larry Villnow contributed 24 points in this game as he faced three boys over 6-5 at the tipoff.

The Indians next game is Saturday night in Lincoln at Nebraska Wesleyan. The Plainsmen defeated Northwest Missouri State 63-58 Wednesday night and along with Peru, are favored to win the NCC crown in 1962.

Free Parking Is Santa's Gift

Parking was "on Santa" the last day of school before vacation, Dec. 20.

The bearded paper-bag Santa Claus faces that covered parking meters were a project of the Independent Students Association.

Some 25 members braved ten-below temperatures at 2:30 a.m. to place the bags.

This is the fourth year for the annual ISA project.

The same students greeted Buildings and Grounds personnel with an early-morning hot lunch.

Later, Janie Matthews was interviewed on KMTV's Marriane Peters Show. Ten other ISA members sang Christmas carols, representing the Omaha University Branch of the Omaha Volunteer Bureau.

The singers were Barbara Frampton, Elizabeth Vinski, Barbara Larson, Don Baird, Bob Wilson, Jerry Chatfield, Dave Arnold, Don Houghton, Loretta Povilatis and Bill Becker.

Girl Watcher's Guide

Presented by Pall Mall Famous Cigarettes

Three views of an average, healthy girl

LESSON 1 - How to recognize a girl

It is not surprising, in these days of constantly changing fashion standards, that girls are often mistaken for men.

Certain popular items of apparel, such as slacks, baggy sweaters and boxy suits, contribute to this unfortunate situation. Therefore, we suggest that new students of girl watching start with the fundamentals (see above diagram). As you can see, girls are easiest

to identify from the side. However, even the beginner will soon achieve proficiency from front and rear as well.

Advanced students can usually tell a girl from a man at five hundred paces, even when both are wearing asbestos firefighting suits. (You might try offering the subject a Pall Mall, but you won't prove anything. It's an extremely popular brand with both sexes.)
